

Confined Space Rescue

CUSTOMER TESTIMONIALS

What our clients say about us...

“Friendly, well trained and knowledgeable staff always make life easier at the sharp end ”

“Health & Safety is a major issue in this job but made so much easier when you have professionals on hand ”

“Consistent ‘can do’ attitude from PMP which is, unfortunately, becoming a rarity ”

“Always reassuring to know that experts are on hand should the worst happen ”

Confined Space Rescue

PMP OFFER 28 YEARS EXPERIENCE OF WORKING SAFELY IN HAZARDOUS AREAS TO PROVIDE YOU WITH CONFINED SPACE RESCUE TO ENSURE YOUR SAFETY.

Delivering reassurance, first aid and specialist rescue techniques - right where they're needed.

Confined space rescue isn't about crawling down holes dislodging indisposed workers from tricky situations. It's about ensuring that your staff are properly protected in their workplace and guaranteeing that, should the worst happen, they receive the reassurance, treatment and assistance they need to ensure a safe outcome.

PMP's Confined Space Rescue Team does exactly that... and to a very high standard.

Confined Space Rescue Teams are available to both our clients and their contractors, offering the highest level of safety cover and rescue facilities.
